Secondary Keywords: Automotive Advertising, Audio-Visual Production, Viral Brand Content, Creative Direction.

Hyundai i20: Redefining Sonic Branding with Arijit Singh

The Brief: Break the Automotive Advertising Mold Automotive commercials traditionally rely on speed, specs, and scenic routes. For the Hyundai i20, the goal was to disrupt the feed and create a campaign that viewers would actually *listen* to. The challenge? Transforming mechanical, industrial noise into a soulful, melodic experience that resonates culturally and drives brand engagement.

Our Creative Disruption Led by Creative Director Saurabh Dasgupta, we architected a groundbreaking audio-visual journey. Instead of silencing the engine, we made it the lead instrument.

- **Precision Audio Engineering:** We meticulously recorded and mapped the mechanical sounds of 118 different cars.
- **Celebrity Synergy:** In an exclusive collaboration with musical icons Arijit Singh and Clinton Cerejo, we seamlessly fused these raw automotive elements with chart-topping, soulful music.
- **Immersive Visuals:** The visual execution matched the sonic innovation, resulting in a 360-degree sensory experience that pushed the boundaries of modern storytelling.

The ROI & Impact

The result was a highly engaging, viral brand story that didn't just showcase a car—it created an entirely new lane for branded audio content. This project solidified our reputation for executing out-of-the-box, high-impact creative solutions.

Chris Gayle Introduction Video - A Grand Welcome by Skipper

The Brief: A Monumental Introduction When your brand is welcoming a legendary, larger-than-life sports icon like Chris Gayle, standard corporate presentations simply won't cut it. For Skipper PVC Pipes' prestigious "Universal Boss Meet," we were tasked with producing an exclusive, high-energy introduction video. The objective wasn't to run an ad campaign, but to deliver a grand, cinematic welcome that mirrored the massive, electrifying energy of the athlete himself.

Our Creative Disruption We deployed a full-stack production strategy, managing the project from the initial concept to the final, high-definition render.

- **Bespoke Sonic Identity:** To instantly hook the live audience and set an unforgettable tone, our in-house team composed a completely original music track heavily infused with vibrant Jamaican-style rhythms.
- **Cinematic Execution:** We directed and produced the full video presentation, ensuring every visual element captured the "Universal Boss" persona and elevated the atmosphere of the corporate meet.

The ROI & Impact The final production delivered an electrifying welcome that dominated the event's atmosphere. This project proves our capability to scale production value and deliver dynamic, highly customized content that meets the highest global standards for high-profile corporate events.

Ajanta Shoes: Driving Brand Loyalty Through Emotional Storytelling

The Brief: Connect on a Human Level In today's hyper-competitive digital landscape, consumers don't just buy products; they buy the feelings associated with them. The objective for Ajanta Shoes was to pivot away from purely feature-based marketing and forge a deep, emotional connection with the target demographic.

Our Creative Disruption Believing that authentic human connection is the ultimate conversion metric, we developed a heartfelt, narrative-driven commercial that captured the true essence of the Ajanta brand.

- **In-House End-to-End Execution:** To maintain strict quality control and aesthetic consistency, our dedicated team managed the entire lifecycle of the campaign.
- **Narrative Arc:** We crafted a compelling script designed to tug at the heartstrings while keeping the product naturally integrated.
- **Flawless Post-Production:** From the on-ground shoot to the final color grading and sound mixing, every element was optimized for maximum emotional impact.

The ROI & Impact A powerful, cinematic ad film that resonated deeply with audiences. This project stands as a prime example of how scaling emotional marketing through premium production can significantly elevate brand perception.

"Jabo Bohudur": Crafting Emotional Visual Narratives

The Brief: A Heartfelt Brand Connection Music has the unparalleled ability to evoke emotion, making it a powerful tool for brand storytelling. For the "Jabo Bohudur" music video, the objective was to produce a heartfelt, emotionally driven story that captured the essence of Ajanta Shoes. The challenge was to seamlessly blend the artistic expression of a music video with a powerful narrative that would resonate deeply with viewers.

Our Creative Disruption To guarantee the highest creative standards, our team took complete ownership of the project, executing every single stage in-house.

- **Narrative Conception:** We meticulously crafted the initial storyline to ensure the visual pacing matched the emotional highs and lows of the music.
- **Full-Scale Execution:** From scouting and set design to managing the complexities of the entire physical shoot, we handled the end-to-end production.
- **Cinematic Post-Production:** Our editing suite took over to polish the final cut, executing high-tier post-production that brought the powerful visual storytelling to life.

The ROI & Impact The final product is a stunning testament to our ability to deliver full-scale productions that connect with audiences on a profoundly deeper emotional level. By maintaining strict creative control in-house, we delivered a visually captivating music video that elevated the brand's narrative.

Khanikta Premier Mato: Elevating the Visual Narrative with Invisible VFX

The Brief: Seamless Storytelling for OTT In modern cinematic romance, the atmosphere and environment are just as crucial as the dialogue. For the Platform8 original web series *Khanikta Premier Mato* (Streaming from 14th Feb), the objective was to enhance the visual storytelling without distracting the viewer from the emotional core of the narrative. We were brought on board to provide **total VFX support**—meaning our visual effects needed to be flawless, technically precise, and completely "invisible."

Our Creative Disruption Executing VFX for a character-driven romantic drama requires a subtle, highly detailed approach. We integrated our post-production pipeline directly into the project's workflow to handle every visual enhancement.

- **Invisible Environment Enhancements:** From the atmospheric, misty mountain vistas to the warm, intimate cafe interiors, we seamlessly blended our digital elements with practical footage. We executed rigorous clean-ups, wire removals, and scenic enhancements to set the perfect mood.
- **Digital Compositing & UI Integration:** Modern romance heavily involves digital communication. We flawlessly executed the compositing of on-screen text messages, social media posts, and UI overlays, ensuring they felt organic and aesthetically pleasing rather than obtrusive.
- **Cinematic Polish:** By closely aligning our VFX work with the director's vision and the final color grading process, we delivered a cohesive, premium look tailored specifically for high-definition OTT streaming.

The ROI & Impact The result was a pristine, high-end cinematic experience that significantly elevated the production value of the series. Our comprehensive VFX support allowed the creators to tell their story without technical limitations, captivating the audience and deepening their emotional immersion in the narrative.

URL Slug: </case-studies/prince-shakib-khan-vfx> **Meta Description:** Discover how our elite post-production team provided full VFX support for the highly anticipated Eid 2026 action blockbuster "Prince," starring megastar Shakib Khan. **Primary Focus Keyword:** Action Movie VFX Agency **Secondary Keywords:** Full VFX Support, Cinematic Visual Effects, CGI & Compositing, Blockbuster Post-Production, Shakib Khan Prince.

PRINCE: Engineering the Visuals for a Dhallywood Megastar

The Brief: High-Octane Action Requires High-End Visuals When working with a cinematic powerhouse like Bangladeshi megastar Shakib Khan, the stakes are incredibly high. For the Eid 2026 pre-blast release of *Prince*, the objective was clear: deliver gritty, underworld-themed action that rivals global cinema. We were tasked with providing **full VFX support** to ensure that every gunshot, explosion, and chaotic underworld sequence looked breathtakingly real and technically flawless.

Our Creative Disruption Executing visual effects for an action-packed blockbuster requires a robust and scalable post-production pipeline. We worked seamlessly with the directorial team to bring Dhaka's dangerous underworld to life on screen.

- **Explosive CGI & Simulation:** Action movies run on adrenaline. Our team flawlessly executed heavy CGI simulations, including hyper-realistic fire, smoke, muzzle flashes, and massive explosive sequences that practically leap off the screen.
- **Environment Replacement & Clean-up:** To create a gritty and authentic mafia atmosphere, we performed extensive digital environment enhancements and rigorous clean-ups, turning practical shoot locations into an expansive, cinematic underworld.
- **End-to-End VFX Pipeline:** From initial wire removal and digital compositing to final high-definition rendering, our full-support workflow ensured that every visual effect was seamlessly integrated, maintaining the raw, intense energy of the superstar's performance.

The ROI & Impact The pre-blast trailer alone commanded massive audience engagement and set a new benchmark for regional action cinema. By delivering top-tier, full VFX support, we empowered the filmmakers to push their creative boundaries, resulting in a visually spectacular blockbuster experience ready to dominate the box office.

Country Harvest "Just Top": Delivering a Crisp Visual Experience

The Brief: A Feast for the Eyes A great food and beverage commercial doesn't just show a product; it makes you crave it. For the Country Harvest "Just Top" (Buttery Delight) TVC, the objective was to capture the warmth, joy, and crunch of everyday moments—from family mornings to late-night snacking. We were brought on board to provide **full post-production support**, ensuring the raw footage was transformed into a polished, mouth-watering visual narrative that would captivate television and digital audiences alike.

Our Creative Disruption Great post-production is where the magic of a commercial truly comes together. Our team took the raw daily footage and engineered a seamless, high-end final cut through our comprehensive post-production pipeline.

- **Dynamic Editing & Pacing:** We established a rhythmic, engaging edit that perfectly matched the upbeat "Mazaa Nonstop" jingle. The pacing transitions smoothly between diverse demographics—families, kids, and working professionals—keeping the viewer hooked from start to finish.
- **Cinematic Color Grading:** To make the product truly pop, our colorists enhanced the warm, inviting tones of the lifestyle scenes while ensuring the vibrant blue and yellow of the "Just Top" packaging stood out sharply. We created a rich, appetizing color palette that elevated the perceived quality of the product.
- **Motion Graphics & End Slate:** For the commercial's climax, we integrated crisp, high-definition motion graphics and digital compositing to showcase the biscuit packaging, pricing offers, and final call-to-action (CTA) flawlessly.

The ROI & Impact The result is a vibrant, premium-quality commercial that maximizes brand recall and consumer appetite. By executing the full post-production lifecycle in-house, we delivered a visually striking, broadcast-ready TVC that successfully amplifies Country Harvest's market presence.

Made in Kolkata: Delivering a Flawless Cinematic Experience

The Brief: A Vision Ready for the Big Screen *When a highly anticipated movie is preparing for a major theatrical release, the raw footage needs to be meticulously sculpted into a masterpiece. For the upcoming cinematic release of **Made in Kolkata**, directed by the acclaimed Moinak Bhowmik, we were tasked with providing **all essential post-production support**. The goal was to ensure the visual narrative, pacing, and atmosphere were flawlessly aligned with the director's vision of modern urban life before it hits the big screen.*

Our Creative Disruption A successful film relies heavily on the magic that happens in the editing room. Our post-production team stepped in to handle the comprehensive workflow, ensuring every frame met global cinema standards.

- **End-to-End Post-Production Pipeline:** We managed the complete lifecycle after the physical shoot, providing a unified approach to offline editing, color grading, and final digital rendering.
- **Cinematic Tone & Enhancements:** Because the film thoughtfully examines the lives of Gen Z and millennials navigating love and career pressures in a digitally influenced landscape, we established an authentic and emotionally resonant color palette. We enhanced the raw footage to capture the unique essence of the city, perfectly reflecting the characters' connections to Kolkata.
- **Social Media & Teaser Delivery:** As teased in the recent promotional reel drops, we finalized the high-definition, high-impact cuts specifically designed to maximize digital audience engagement and build massive hype ahead of the premiere.

The ROI & Impact By delivering total post-production support, we empowered the creators to achieve a polished, theater-ready film. The pristine visual execution is already generating massive online buzz, proving our capability to handle the immense pressure, scale, and turnaround of a major feature film release.

Mon Mane Na: Capturing the Cinematic Hype on Camera

The Brief: Translating Cinematic Magic into Promotional Gold A movie's promotional material needs to hit just as hard as the film itself. For the highly anticipated Bengali musical romantic drama Mon Mane Na, the producers required visually stunning, bespoke promotional content to build massive pre-release hype. Rather than just cutting footage from the film, our team at Elunico IT Solutions was brought on board for a dedicated **promo shooting** scope. The objective was to physically shoot, direct, and produce high-end promotional videos and teasers that perfectly captured the Gen-Z romantic aesthetic of the movie.

Our Creative Disruption Shooting dedicated promos requires balancing the director's original cinematic vision with the fast-paced, high-retention style needed for modern marketing. We brought our heavy-hitting production expertise directly to the set.

- **Dedicated Promo Production:** We handled the complete on-set execution of the promo shoot. From configuring the cinematic lighting and camera blocking to directing the talent specifically for these high-impact marketing cuts, we ensured every frame looked like a blockbuster.
- **Aesthetic Alignment:** The film blends the chaos of modern situationships with old-school romance. We designed the promo shoot's visual language—including set design and color palettes—to seamlessly match the movie's authentic, youthful vibe.
- **Music-Driven Cinematography:** Because Mon Mane Na relies heavily on its brilliant soundtrack, our camera movements and framing during the promo shoot were meticulously choreographed to the rhythm of the film's trending audio tracks, ensuring the final footage was ready for high-energy editing.

The ROI & Impact By executing a flawless promo shoot, we provided the film's marketing team with premium, bespoke visual assets. The footage we shot was directly translated into the viral teasers and Instagram Reels that are currently dominating social media feeds, successfully driving real-world box office anticipation for the film's premiere.

Primary Focus Keyword: Large-Scale Event Management Agency

Secondary Keywords: Marathon Organization, Calcutta Police Club, Amar Kollolini Kolkata, RJ Praveen, On-Ground Event Execution, PR and Media Coverage.

Aamar Kollolini Kolkata: Scaling On-Ground Experiences

The Brief: Orchestrating a City-Wide Phenomenon Organizing a marathon requires far more than mapping out a running route; it demands logistical mastery, crowd control, and high-octane crowd engagement. For the monumental **"Aamar Kollolini Kolkata Aamar Marathon"** held on February 4th, we were brought on as the core event organizers. Hosted by the prestigious Calcutta Police Club in association with the Skipper Foundation and Nava Nalanda Group of Schools, the objective was to execute a flawless, multi-segment marathon that celebrated the spirit of the city while safely accommodating a massive influx of runners.

Our Creative Disruption

We transitioned from digital screens to the streets of Kolkata, deploying an end-to-end event organization masterclass. Handling a live crowd of over 5,000 participants meant our on-ground execution had to be perfect.

- **Complex Logistical Execution:** We expertly managed the entire operational scope. From coordinating multiple distinct race segments and track routing to deploying hydration stations, VIP zones, and security checkpoints, we ensured a seamless experience for every single runner.
- **Live Engagement & Celebrity Management:** To keep the adrenaline pumping, we secured and managed the main stage entertainment, bringing in the highly energetic RJ Praveen as the host. His dynamic crowd control kept the 5,000+ attendees motivated, engaged, and thoroughly entertained throughout the morning.
- **Media & PR Domination:** A highly successful event lives forever in the press. We engineered the event's visibility to ensure it became a prime-time talking point, successfully attracting major regional news channels to cover the marathon extensively, turning a local run into a broadcasted city-wide sensation.

The ROI & Impact The flawless execution of the February 4th marathon cemented our capability to organize and scale massive on-ground events. With over 5,000 participants, viral social media moments driven by RJ Praveen, and widespread coverage across top news channels, the marathon was a resounding success for the Calcutta Police Club and all associated sponsors.
